## JOB EXPERIENCE:

---

**Light & Wonder** (formerly Scientific Games)      **Technical Artist**      **Mar 2019 – Present**

Responsible for:

- creating high quality and captivating visual effects
- implementing choreography and key gameplay moments
- overseeing and constantly improving the team's development pipeline
- optimizing game performance, collaborating with artists and engineers
- staying informed on industry trends and competitor products
- facilitating communication with other technical artists throughout the company

**Sugar Gamers**      **Environment Artist**      **Jan 2018 – Sep 2018**

Contracted to develop the environment art for one of the company's games. Responsible for keeping open communication and coordinating with the art director throughout the pipeline.

**Soda Monkey**      **3D Modeler**      **Apr 2017 – May 2017**

Contracted to model the main character for the company's game Boom Tag X. Adhered to strict guidelines as well as pipeline limitations and consistently checked in with progress. Work was deadline driven.

**Columbia College Chicago**      **3D Environment Artist**      **May 2016 – Sep 2016**

Contracted to develop a tutorial game that the school would use to help incoming students learn important aspects of the Interactive Arts and Media department. Responsible for creating prop assets and recreating the department's layout.
